WILLIMANTIC

At the open meeting of the chamber of commerce in their rooms on Tuesday night, the much talked about "Morrison Bill" was presented in a very able manner by its auttoff, J. H. Morrison. The meeting was presided over by the president of the chamber of commerce, Frank H. Foss. The meeting was opened at \$.15 and Mr. Shafer spoke of the struggle in years past by his predecessor to put the state normal school on the map. He spoke on the vital need of a school home for students in connection with the school. Other cities have them and we need one in Williamnite, It is two years since an appropriation was made for the school. The very life of the wormal school is dependent by the president that all work hard for H. He announced that next Saturday night the Russian Symphony Orchestra, a high class musical organization, would give a concert in the anditorium of the school and he heped for a large attendance.

mity." It is imperative that the state should guarantee equality of educational opportunity. The state compels the citizen to zend his children to school. Should not the state guarantee something in return, The speakers of this bill was that very thing, viz, "Equality of Educational Opportunity" that the bill proposes to give the poorest town in the state equal quality with the richest; salaries would not be lower in the country districts than in the city and that the best teachers would be secured for poor and rich towns alike, the state to pay the bill. Better salaries for teachers would be secured for poor and rich towns alike, the state to pay the bill. Better salaries for teachers would be secured for perfect teachers would be secured for poor and rich towns alike, the state to pay the bill. Better salaries for teachers would have better schools. Mr. Morrison stated upon his own investigations, he found that the minimum salary paid last year in this state was about \$700. He went on further to say that good schools and results could not be obtained on such salaries. Education is the safety of the state and the object is to make good citizens. In summing up his talk at the close, he stated the three prime objects of the bill were first. "Equality of opportunity, exponses to be born by the state. Second, "Guarantee by the state. Second, "Guarantee by the state of Equality of Education." These are the foundation of good citizenship." These are the foundation of good citizenship. The address was presented in a very

GAS IN THESTOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble. Caused by Fermenting Food and Acid Indimestion.

Gas and wind in the stomach accompanied by that full, bloated feeding after eating are almost certain evidence of the presence of excessive hydrocilloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastrills accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internatorgans, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Public Is Warned Against Taking Substitutes For Nuxated Iron

Physicians Below Say That Ordinary Metallic Iron Preparations Cannot Possibly Give The Same STRENGTH, POWER AND ENDURANCE As Organio Iron - Nuxated Iron

> United States Judge Atkinson Gives Opinion organic iron may be nothing more than a metallic iron compound which may in some cases produce more harm some cases produce more harm good. The widespread publication of the above information has been suggested by Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Drt.), New York, and the Westchester County Hospital; Dr. Ferdinand King, New York Phytician and Medical Author and others, so that the public may be informed on this subject and protected from the use of metallic iron under the delusion that it is Nuxated Iron or at least tomething as good as Nuxated

Judge G. W. Atkinson

United States Judge G. W. Atkinson, of the Court of Claims, Washington, D. C., says: "It is without hesitation that I recommend Nuxated Iron to persons who in the stress of physical or mental labors have permitted the system to hecome debilitated, the body exhausted or the nerves run down. It has restored my appetite and my vitality. I feel that I have dropped off the burden of months of toil in the few weeks that I have been following the very simple directions for the use of Nuxated Iron."

their druggist so that there may be no question about chaining the proper article. But if they do not wish to go to the trouble of getting a prescription for Nuxated Irou then be sure to me look on the label and see that the words NUX-ATED IRON are printed thereon—not Nux and Iron nor any other form of Irou, but Nuxated Irou. The remarkable results produced by Nuxated Iron and its widespread that over three million people annually are to-day using it), has led to the offering of numerous substitutes, and these physicians say that health officials and doctors everywhere should causion the public against accepting substitutes in medicines and they especially warn avainst accepting substitutes for Nurseld Ireaching.

Nunated Iron or at least something as good as Nunated Iron.

It is surprising how many people suffer from iron deficiency and do not know it. If you are not to strong or well, you own it to yourself to make the following test: See how long you can work or how far you can walk. without becoming tired. Next take two five-grain tablets of Nunated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.

for Nuxated Iron, which, instead of being refund your energy. It is dispersed in this city by all good druggists. Let & Osmod Oa. Chas. Osmod Co.
